Top Skills

Data Science
Matplotlib
SciPy

Languages

Bengali (Native or Bilingual)
English (Full Professional)

Certifications

AI Fluency for students
CS50x
Data Scientist Associate
GitHub Foundations
Gemini Certified University Student

Aryan Das

Aspiring SWE & ML Engineer | EE @ NIT Silchar | C++ · Python ·
DSA | CS50x (Harvard) · Associate Data Scientist (DataCamp)
Silchar, Assam, India

Summary

I am a first-year Electrical Engineering student at the National Institute of Technology, Silchar — working, with some deliberateness, at the place where systems thinking meets machine intelligence. I write in C++ and Python. I study data structures and algorithms not because the syllabus requires it, but because I find poorly solved problems genuinely offensive. I am learning machine learning the same way I learn everything else: by building something that breaks, then making it not break. I hold a CS50x certification from Harvard University and an Associate Data Scientist certification from DataCamp. I mention them not to impress, but because they represent a particular quality of attention — the kind that sits with a problem until the problem yields. I do not rush. Consistency, to my mind, is the only strategy that compounds. I am always glad to connect with those who build carefully and think rigorously. C++ | Python | DSA | AI / ML | CS50x — Harvard | Associate Data Scientist | NIT Silchar '29

Education

National Institute of Technology Silchar
Bachelor of Technology - BTech, Electrical Engineering · (August 2025 - September 2029)

Gurucharan College (GC College), Silchar
Higher Secondary (Class 11 & 12), Science, Physics, Chemistry and Mathematics · (August 2023 - March 2035)
